

Monthly Syllabus

Month	Chapters	
	First Semester	
April	1. Rational Numbers	
June	2. Linear Equations in one variable	
July	3. Understanding Quadrilaterals	4. Practical Geometry
August	5. Data Handling	6. Squares and Square roots
September	7. Cubes and Cube roots	(SA1)
	Second Semester	
October	8. Comparing Quantities	
November	9. Algebraic Expression and Identities	10. Visualizing Solid Shapes
December	11. Mensuration	12. Exponents and Powers
January	13. Direct and Inverse Proportions	14. Factorization
February	15. Introduction to Graphs	16. Playing with Numbers
March	(SA2)
