

Monthly Syllabus

	First Semester
Month	Chapter
April	3. Matrices 4. Determinant
June	1. Relation & Function 2. Inverse Trigonometric Function
July	5. Continuity & Differentiability 6. Application of Derivatives
August	10. Vector Algebra 11. Three Dimensional Geometry
September	12. Linear Programming
	Second Semester
October	7. Integrals
November	7. Application of Integrals 8. Differential Equation
December	13. Probability
